Story Script

Second Level

A script to tell the Biblical account of Creation for second level

In the beginning God made everything. To start with there was nothing. Nothing except God.

And God spoke. Let there be light. And there was light. God saw that the light was good. God called the light day and the darkness night. That was the end of the first day.

And God spoke. Let the water above be separated from the water below to make a space. And it was so. God called the space sky. That was the end of the second day.

And God spoke. Let ground appear. And it was so. There was ground, which God called land and there was water which God called seas. God saw that it was good. Then God spoke. Let there be plants and trees with fruit and seeds. And it was so. God saw that it was good. That was the end of the third day.

And God spoke. Let there be lights in the sky. And it was so. God had made the sun for the day and the moon and the stars for the night. He made them to separate the light and the darkness. God saw that it was good. That was the end of the fourth day.

And God spoke. Let the seas be filled with fish and creatures and let birds fly in the sky. So they were made. And God saw they were good. God blessed them and said, 'be fruitful and increase in number'. That was the end of the fifth day.

And God spoke. Let there be animals, wild animals, and livestock. And it was so. God made the animals and saw that it was good.

Then God spoke again. Let us make people in our image so that they will rule over the fish and the birds and the animals. So, God made people in his image. Male and Female. God blessed them and said to them 'be fruitful and increase in number. Rule over the fish and the birds and the animals.'

Then God said, 'I give you all the plants and the trees.'

God saw that it was good. That was the end of the 6th day.

Then the heavens and the earth were completed.

On the seventh day God had finished so he rested. God blessed the seventh day and made it Holy.

If encouraging the children to take part here are the words you could give to them before hand. They have to work out an action or find an object or draw a picture (whiteboard) to represent that word. When you say the word in the story they have to jump up and show the action/object/picture.
